1955 1956 1957 Classic Thunderbird

With the introduction of the sporty, two-seater Thunderbird in 1955, Ford created the Personal Luxury segment of the automobile market. So beautifully styled was the automobile that it was acclaimed a Classic just four years after the last of its kind was produced.

The Thunderbird was named for a legendary bird known to the American Indians as a good luck omen. The Thunderbird was to symbolize, among other things, power, swiftness and prosperity.

The Classic Thunderbird Club of Chicagoland was formed to bring together owners of this Classic automobile and to provide a medium of exchange for ideas and technical information. Whether your Classic Thunderbird is a driver or a show car, you can turn to the CTCC for the valuable help you need in the restoration or maintenance of your vehicle.

A Bit of History

The Classic Thunderbird Club of Chicagoland held its first meeting on August 28, 1961. The club was chartered as the Thunderbird Sports Club of Chicagoland. In 1964, the club's name was revised to Classic Thunderbird Club of Chicagoland, thus eliminating the "sports car" designation and placing emphasis on the classic features inherent in the 1955, 1956 and 1957 Thunderbird.

In 1963, the Chicagoland members traveled to Dearborn, Michigan, where the Ford Motor Company hosted a truly magnificent Thunderbird convention. This event set the stage for the first Classic Thunderbird Club International (CTCI) convention which was also held in Dearborn in 1964.

The present day CTCC roster reflects a membership of nearly 150 and hundreds of cars.
